RESIDENCE OF FRANK E. WHITE, WEST ELM STREET

FACTORY OF R. B. GROVER & CO.

This building was the scene of a terrible catastrophe on March 29, 1905. The explosion of a boiler caused the floors to collapse, and a fire which resulted totally destroyed the structure. The edifice was crowded with employees at the time, and the loss of life was appalling. The shocking story of the disaster was relieved by many splendid acts of heroism.

"THE GRAND STAND" AT BROCKTON FAIR  
The largest and best exhibition of its kind in New England.
